

Gardens Elementary School Supply List

Dear Families - We receive requests each year concerning the types of school supplies that are needed. While it is the responsibility of our district to provide your child with their learning materials, some parents have a desire to have their child (ren) bring their own school supplies to school. Below is a general list of these items, provided before school begins, to take advantage of summer back-to-school sales. Gardens, through generous corporate donations, have backpacks and school supplies on hand for those in need - just contact or visit the office. Also, some teachers may have individual requests specific to their curriculum and classrooms not listed here. Your child may bring any of these items to Open House so they have less to carry on the first day of school. Sincerely, Becky Biedermann - Principal
