Dear Marysville Students, Parents, and Staff:

The following handbook is intended for use by students, parents and staff as a guide to the rules, procedures, and general information about the District. The use of the word "parent" in this handbook means a student's natural or adoptive parent(s), or legal guardian(s). Students and their parents are responsible for familiarizing themselves with this handbook, and parents should use the handbook as a resource to assist their children with following its rules and procedures.

Students must comply with all school policies, regulations, rules, and expectations. The use of the word "Policy" in this handbook includes bylaws or policies adopted by the Board of Education. Although the information in this handbook is comprehensive, it is not intended to address every situation that may arise during a school day or school year. This handbook does not create a contract between the District and parents, students or staff. The administration is responsible for interpreting the rules contained in the handbook to ensure the implementation of the school's education program and the well-being of all students. If a situation arises that is not specifically addressed by this handbook, the administration may respond on applicable law and policy.

Dear Marysville Parent(s),

At Marysville Public Schools, we deeply value open communication and want to ensure that all concerns and issues are addressed in a respectful and effective manner. To achieve this, we encourage everyone to follow our "Chain of Command" for initiating communication regarding any problems or concerns.

We understand that frustrations may arise when trying to address issues, but our aim is to prevent any undue stress or confusion. Therefore, we kindly ask that each situation be first addressed at the level where the initial action was taken. Our goal is to resolve matters at that level whenever possible. If, however, the situation remains unresolved to your satisfaction, we have a structured process for appeals that can be followed.

To initiate communication, we suggest starting with an email, as it provides written documentation of the issue. Alternatively, a phone call to the appropriate contact is also an acceptable means of communication. In some cases, these initial communications may lead to a face-to-face meeting.

We kindly request that you follow the below list of contacts when addressing any concerns. NOTICE OF NON-DISCRIMINATION

The District does not discriminate on the basis of race, color, religion, national origin, ethnicity, sex (including pregnancy, gender identity, or sexual orientation), disability, age, height, weight, marital or family status, veteran status, ancestry, genetic information, military status, or any other legally protected category (collectively, "Protected Classes"), in its programs and activities, and provides equal access to the Boy Scouts and other designated youth groups as required by law.

ATTENDANCE

ATTENDANCE POLICY

The purpose of a school attendance policy is to encourage outstanding attendance among all students. Attendance rules have been developed to reduce/prevent chronic absenteeism. The U.S. Department of Education defines chronic absenteeism as missing at least 10% of days in a school year for any reason, including excused and unexcused.

Regular attendance is an integral part of a student's total education. All students should attend school regularly. Regular attendance will allow students to keep up academically, since classroom instruction and the presentation of materials by teachers in all classes takes place in an orderly, sequential manner. In addition to missing class time, students will also miss valuable time to interact with both teachers and other students if they do not attend school regularly. The chance to hear and participate in class instruction, discussion and other related learning experiences cannot be replaced.

ABSENT FROM SCHOOL

The parent or guardian of a student who is absent/tardy from school must telephone Student Services (364-7161), answering machine available 24 hours a day) by 3:00 p.m. the following day. Any absences/tardies not excused by the 3:00 p.m. deadline will be marked unexcused.

Absent students may request homework assignments by contacting Student Services at 364-7161. A one-day notice or an early morning 8:00 a.m. call is required. Homework can also be retrieved from the class website.

Leaving School

No student shall enter or leave school during the day without first obtaining permission and checking in with Student Services. Students will be excused to leave school only after parent or administrator's permission has been granted. This also includes leaving campus between classes. Not following the proper procedure will result in the absence being recorded as unexcused. If you arrive tardy, but prior to the 10 minute absent period, students are to go directly to their first hour class.

Notification of Absence

If a student is going to be absent, a parent/guardian must contact the school attendance line and provide an explanation. If prior contact is not possible, the parent should provide a written excuse as soon as possible. When no excuse is provided, the absence will be unexcused and the student will be considered truant.

Student Absences

There are two types of absences: excused and unexcused. The administration reserves the right to determine what is an excused or unexcused absence or tardy for school purposes. Excused absences include but are not limited to illness (verification from a doctor may be required), death in the family, family emergency, or situations beyond the control of the student. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the principal or their designee.

EXCUSED ABSENCES

A parent must call in no later than 8:00 am the day following an absence to excuse a student. Excusing absences cannot be back-dated. Siblings are not allowed to call in excused absences, it must be a parent, guardian, or individual on the student's emergency card. If a student is present in class and must leave for any reason, a phone call must be made to the attendance line FIRST. If a parent does not call in by 8:00 am the following day, then the absence is unexcused.

UNEXCUSED ABSENCES:

An unexcused absence is defined as:

- A student being marked absence from a class without communication from a parent/guardian to the attendance line.
- A student leaving school without parent permission or school business documented.
- Missing 10 minutes or more from class.

Unexcused absences will result in disciplinary consequences. In the event of any absence, the student's parent or guardian is required to call the school to explain the reason for the absence. If a call has not been made by 2:00 p.m. on the day of the student's absence, an automated system will call home to notify of the absence. The school may require documentation explaining the reason for the student's absence. The following absences will be exempt from the student's absence total; school-sanctioned absences (field trip, team competition, out-of-school suspensions, etc.), funerals, court appearances or legal proceedings when documentation is submitted, and approved college trips that can be verified with documentation, will not count against the student's attendance totals.

Any student who is absent from school for all or part of the day without a legitimate excuse shall be considered truant and the student and his/her parent/guardian shall be subject to the truancy laws of the state.

For all unexcused absences, student assignments will be subject to the teacher's late work policy established in their syllabus. If a student does not utilize the make-up window, teachers are not required to accept work past the last work day.

Tardiness

Each student is expected to be in his/her assigned location throughout the school day. If a student is arriving late to school, she/he is to report to Student Services before proceeding to his/her first assigned location.

A tardy is defined as not being in the assigned area at the beginning of the class period but arriving within 10 minutes of the beginning of the period. Students arriving after the 10 minutes will be marked absent. Excessive tardiness can result in disciplinary consequences. There are not excused tardies.

Vacations

Vacations taken during the school year are highly discouraged and may adversely affect the student's ability to generate credit towards graduation. Each day of vacation counts toward the total days for the semester and may jeopardize the student's grade and/or credit. Students who exceed the attendance policy will be required to complete the forms and documentation within the window of time provided near the end of each semester.

MEDICAL ABSENCES:

Medical notes must either be emailed to student services, fax (810) 364-8878, or brought into student services. Medical notes can not be backdated past two (2) business days. If medical absences exceed more than two weeks of school, a parent is recommended to contact the special education department to request homebound services. If a student is gone at the end of a marking period due to medical illness, student have the amount of time missed to submit work for the previous marking period. If a student does not utilize the 'make up' work window, teachers are not required to accept work past then.

Make-Up Work

When a student is absent and excused for the absence, it is the student's responsibility to arrange for makeup work. Make-up work should be completed within the same number of school days as he/she was absent unless special arrangements have been made with each teacher.

Excessive Absences

Attendance is considered an essential component in determining whether a student has earned credit towards graduation, and credit might not be earned because of excessive absenteeism.

When a student accumulates five (5) absences (excused or unexcused) in a semester, the parent will receive a letter documenting the days absent. Parents will continue to receive letters documenting the student's absences if the student's attendance does not improve.

Only ten (10) absences in any class per semester are allowed. During the semester, a student who accumulated more than ten (10) total absences (excused or unexcused) in a class will be referred to the RESA Truancy Office.

BOOKS AND SUPPLIES

The District will provide free instruction to all students and may or may not charge additional fees for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

A \$10 book deposit and a \$1 activity fee will be charged to all students at the beginning of their Freshman year. Students may borrow books from the bookstore at the beginning of each semester. Students are responsible to maintain their assigned books in good

condition and to return the same book at the end of the course. Chrome book fees will be charged as determined by the Marysville Technology Department and MHS administration.

Books (including bar-codes) lost, damaged, or stolen must be paid for by the student to whom they were issued. The \$10 book deposit will be forfeited if a student fails to personally return his/her books. The \$10 book deposit fee will be returned to the student at the end of their senior year only if the books are returned in good condition.

BULLYING

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying Policy is attached to this handbook as Appendix B.

Students may not use Wireless Communications Devices on school grounds during instructional time, except as otherwise provided in this Policy.

“Wireless Communications Device” is an electronic device capable of, but not limited to, text messaging, voice communication, entertainment, navigation, accessing the internet, sending and receiving photos and videos, or producing email.

“Instructional time” is defined as the start of the school day when instruction begins until dismissal at the end of the school day, excluding lunch at the high school level only.

“School grounds” means a building, playing field, or property used for school purposes to impart instruction to children or used for functions and events sponsored by a school.

School grounds does not include a building used primarily for adult education or college extension courses.

Students may use Wireless Communications Devices on school grounds during school hours, including during instructional time, if the Wireless Communications Device is:

- medically necessary for a student to monitor a health issue;
- required by a student's Section 504 Plan or IEP;
- a District-owned device;
- designated by the District to be used for instructional purposes;
- permitted by a classroom teacher for lesson-specific academic assignments; or
- used during an emergency situation in accordance with the District's emergency operations plan under Policy 3402, so long as it does not interfere with school emergency protocols or first responders or endanger students or staff.

Wireless Communications Devices must be stored in the student's locker or other designated storage area during instructional time if a student chooses to bring them to school, except as otherwise provided in this Policy. Students are personally and solely responsible for the security of their Wireless Communications Devices. The District is not responsible for theft, loss, or damage of any Wireless Communications Device.

Taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal photographs, video, audio, or other similar data, whether by electronic data transfer or otherwise (including via cell phone or other electronic device), may constitute a crime under state or federal law. A student engaged in any of these activities at school, at a school event, or on school-provided transportation, may be subject to discipline pursuant to this Policy and the student code of conduct. A student engaged in any of these activities outside of school may be disciplined if the student's activities substantially disrupt the school environment.

School administrators and teachers may confiscate a student's Wireless Communications Device if the student's use or possession of the Wireless Communications Device violates this Policy, the student code of conduct, or any

applicable building or classroom rule. The building principal or designee may require a meeting with the student's Parent to discuss the rule violation before returning the Wireless Communications Device.

Students who violate this Policy are subject to corrective or disciplinary action, consistent with Policy and the student code of conduct.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in academic dishonesty in any form. Unless specifically authorized by a teacher, prohibited behavior may include, but is not limited to:

- Obtaining, attempting to obtain, or aiding another person in obtaining credit for work by any dishonest or deceptive means.
- Copying another person's work or answers.
- Discussing with other students the answers or questions on a test or assignment before the test or assignment has been submitted for a grade.
- Taking or receiving copies of a test.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Using artificial intelligence to assist or complete an assignment or test.
- Submitting work or any portion of work completed by another person.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty may receive no credit on that assignment or class and will be subject to discipline, up to and including expulsion.

Children's Protective Services (CPS) Investigations

The District will cooperate with Children's Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

DETENTION PROCEDURES

Staff will issue detention with a date TO BE SERVED on detention and give student a yellow copy. White copy will be sent to Student Services – Call should be made home to parents on all detentions!

Student will not be allowed into detention without yellow copy signed by parents. Failure to serve detention on assigned date without contacting Administration will result in two night's detention and a call home from administration.

Failure to serve either of the double detentions will result in an in-school suspension.

Communicable Diseases

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack of documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

Dress and Grooming

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, hair style, make up, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, or the Dress Code; or substantially disrupts the educational environment or that school officials reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with building administrators.

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra

clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences.

Dress Code

Tops must have straps or sleeves and must cover the student's entire torso from armpit to armpit. Pants, shorts, and skirts must have an inseam at least 4 inches in length. Clothing may not display material that:

- Is materially and substantially disruptive or that school officials can reasonably forecast will create a substantial disruption;
- Is obscene, sexually explicit, indecent, or lewd;
- Promotes the use of or advertises illegal substances, including but not limited to substances illegal for minors;
- Incites violence;
- Contains "fighting words";
- Constitutes a true threat of violence;
- Demonstrates hate group association/affiliation or uses hate speech targeting groups based on their membership in a protected class; or
- Displays nipples, genitals, or buttocks.

Students who represent the District at an official or school-sponsored function or public event (e.g., athletic teams, bands, choirs, and other groups) may be required to follow specific dress requirements as a condition of participation or attendance.

Driving and Parking Personal Vehicles

Student driving and parking on District property is a privilege, not a right, that may be revoked at any time. Students who drive to school must obey the following rules:

1. Students may not move their vehicles, sit in, or be around their vehicles during the school day without permission from administration.
2. Students may not drive carelessly or with excessive speed on school grounds.
3. By driving to school and parking on school grounds, students and parents consent to having that vehicle searched when school officials have reasonable suspicion that a search will reveal a violation of school rules, Board Policy, or law.

Emergency Contact Information

Parents must provide emergency information for each student enrolled in the District. The information should include the family physician's name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

Fees

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and non-curricular activities to cover the District's reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and non-curricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity's coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

District athletic fees will be imposed for Middle and High School students who participate in athletics.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student's parent before being allowed to attend a field trip.

A student's failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

First Aid, Illness, or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student's parent or other designated responsible adult to pick up the student from school. If the student requires immediate medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

Homeless Children and Youth

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Kim Likins, Executive Director of Instructional Services/State and Federal Programs
495 E Huron BLVD
Marysville, MI 48040
(810) 455-6095
KLikins@marysvilleschools.us

For detailed information about Homeless Children and Youth, see Policy #8045 at [Board Policy](#).

Immunizations

For a student entering the District for the first time or entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not received all doses of any required immunizing agent must provide the District an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with state law.

Law Enforcement Interviews

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with Policy #5201 at [Board Policy](#). NOTE: STUDENTS MAY BE QUESTIONED BY SCHOOL OFFICIALS AT ANY TIME, WITHOUT PARENT NOTICE OR CONSENT, CONSISTENT WITH THE DISTRICT'S OBLIGATION TO MAINTAIN A SAFE AND ORDERLY LEARNING ENVIRONMENT.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular programs offered by the District.

Searches of Motorized Vehicles, Lockers, Backpacks, and Students

Pursuant to Board Policy #5102 & 5103 lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis, and

District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules.

The District will also follow Board Policy #5703 for motorized vehicles, backpacks, and students

Lost and Found

All lost and found items are to be taken to the main office. Students may claim lost articles there. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Media Center

Students must check out materials from the media specialist or designee on duty. Each borrower is responsible for all materials checked out in the borrower's name. Each student is responsible for any fine that accumulates on materials charged to the student. If materials are lost and not returned by the end of the semester, the student must pay for the replacement cost. Students must also pay for any damage they cause to materials.

Medication

Whenever possible, parents should arrange student medication schedules to eliminate the need for administration of medication at school. When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form as required by the District.
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.
- The building principal or designee will notify the student's parent of any observed adverse reaction to medication.
- All medications must be in the original container.

For additional information and requirements, see Policy #5703 at [Board Policy](#).

Asthma Inhalers and Epinephrine Auto-Injectors (EPI)/Inhalers

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student's healthcare provider and consistent with Policy #5703 (see [Board Policy](#)). A minor student must also have written permission from the student's parent. The required documentation must be submitted to the building principal

or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student's teachers and other staff as appropriate.

If necessary, the school may maintain a written emergency care plan drafted by a physician in collaboration with the student's parent. The emergency care plan will contain specific instructions related to the student's needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student's medical circumstances.

Parties

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

Rights of Custodial and Non-Custodial Parents

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

Search and Seizure (Board Policy #5103)

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized

materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement.

Student Education Records

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See Policy #5309 at [Board Policy](#) for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

Right to Request Explanation or Interpretation

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

Technology

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related educational purposes only. Students and their parents are required to sign and return the Acceptable Use Agreement attached as **Appendix D** before they may use or access District technology resources. Students who violate the District's Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

Transportation Services

School Vehicle Rules

Riding in school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must comply with the Student Code of Conduct while in school vehicles.

When in school vehicles, the following rules apply:

1. Students must promptly comply with any directive given by the driver.
2. Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops.
3. Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.

Video cameras may be placed on vehicles and buses to monitor student behavior on the vehicle/bus. Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

School Vehicle Misconduct Consequences

Students who violate the school vehicle rules will be referred to the building assistant principal for discipline. Disciplinary consequences may include parent notification, suspension of vehicle/bus riding privileges, exclusion from extracurricular activities, in-school suspension, and suspension or expulsion.

These consequences are not progressive and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law and Board Policy.

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be reported to law enforcement.

Video Surveillance and Photographs

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings: on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event unless otherwise authorized by Board Policy, applicable law, or a District employee.

Withdrawal from School

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

NATIONAL HONOR SOCIETY

The National Honor Society is composed of those students who are selected for their: scholarship, character, leadership and service. They are endorsed by instructional staff, counselors and administrators, and inducted into the N.H.S. each spring. To be eligible for membership in the Marysville Chapter of the N.H.S., a student must be a sophomore, junior, or senior: have a 3.50 grade point average, or above, and be in attendance at Marysville High School for one (1) full semester.

During the second semester of each school year all students, sophomore and above, with a 3.5 cumulative grade point average will be invited to apply for membership in the Marysville Chapter of the National Honor Society. A portfolio representing all of their

accomplishments must be submitted as well as a student activities sheet that lists activities in four areas: Co-curricular Activities, Leadership, Service, and Work Experience/Recognition/Awards. At a staff meeting all teachers will rate the students that they know in the following three areas: Character, Leadership, and Service. The ratings will be reviewed by the N.H.S. Executive Faculty Council to determine membership.

*Complete N.H.S. guidelines may be obtained by contacting the respective N.H.S. advisors.

SPECIAL PROGRAMS

During the course of four years many of our students will participate in the following programs.

Educational Development Plans

Students at M.H.S. will explore potential careers through a series of activities and topics in grades 8-12. The Social Studies Department supplements their content with interest surveys, aptitude tests, job outlook information, educational opportunities, and other School-to-Work activities. The career awareness and exploration activities and topics attempt to connect the academic curriculum with the employability skills and expectations needed by workers in the next century. With an Educational Development Plan (EDP), students, their parents and counselors may begin planning a four-year sequence of course work and activities that will meet the student's post-secondary and career goals.

Junior and Senior Special Programs

The following programs are available to juniors and seniors. Freshmen and sophomores should fulfill all requirements so they may enter a program their junior year if they desire.

St. Clair TEC

The St. Clair TEC is an option available to 11th or 12th grade students.

M.H.S. students who attend TEC are expected to abide by the rules of both TEC and M.H.S. The high school administration reserves the right to assign or remove students from TEC. Classes passed at TEC provide credit towards graduation from M.H.S.

M.H.S. provides transportation to and from TEC. Students may sign up for TEC in the Counseling Office. Student enrollment at TEC is based on the following criteria: attendance, teacher recommendations, age (16 years or older), grade in school, program desired, academic achievement, and past school performance.

Adult Education

Students who are lacking the necessary credits toward graduation must comply with the Marysville Board of Education requirements for acquiring credits which may be used towards your high school diploma.

M.H.S. Viking Academic Center (VAC)

The VAC will assist students who need academic support. The center will also be available for test reading, coaching (defining words used in questions, etc.), use of notes, open book, use of calculators/student guides, and homework assistance. A quiet work area with minimal distractions will be provided so that assignments may be completed.

PLAGIARISM

Students at M.H.S. are encouraged to think independently and complete their own work. Plagiarism is defined as taking ideas, writings, or direct quotes from another and passing them off as one's own work. Students whose assignments are plagiarized shall fail the assignment and may fail the marking period in which such plagiarism is discovered.

Marysville High School Learn on Program

MHS students can request to participate in the program in writing by contacting the Counseling department during the registration window in March of prior school year for 1st semester classes.

If approved, students will be given a link to OLAT, an online learning assessment tool which requires 4-5 hours of instruction and a due date for completion.

Once the OLAT is completed successfully, students will select a course for the fall semester.

Parents are required to sign and complete the "Learn On Parent Agreement".

Students will receive one release hour for each on line course. The release hours must be 1st and/or 7th hour. Learn On Courses are completed exclusively from home; students are not permitted on MHS property during their scheduled "Learn On" hour. (Please refer to the Parent Agreement).

Students interested in a 2nd semester class must apply during the registration window in November prior to the start of the 2nd semester.

Commencement

The District may conduct a commencement ceremony for eligible students at the end of the school year. Participation in the ceremony is a privilege, not a right. Students may be prohibited from participating in the ceremony as a consequence for misconduct. A student's disqualification from participating in the commencement ceremony does not impact the issuance of a diploma to the student, provided that all graduation requirements have been satisfied.

Credits and Graduation Requirements

A student must successfully complete all graduation requirements to earn a high school diploma.

Graduation Requirements

Only those students who have completed graduation requirements, to include 11th Grade State Tests, and are recommended by the principal and faculty, shall be graduated by Marysville High School (general school laws apply). Students may earn a Certificate of Completion through recommendation of the IEP team and completion of their IEP goals and objectives. A successful attainment of a Certificate of Completion allows the student to participate in all graduation activities.

Seniors are eligible to graduate during scheduled Commencement ceremonies only if they have acquired the number of credits and the required types of credit taken. Additionally, for seniors to be able to participate in Graduation ceremonies, the following minimum requirements must be met: enrolled at M.H.S. and qualify for diploma. Seniors will not be allowed to participate in any Cap & Gown Senior Activities unless their graduation credits and expectations have been met. The last day seniors are in attendance, as established by the high school principal, will be considered the cutoff date for final senior pass/fail status.

Grades

ACADEMIC REPORT TO PARENTS

Report Cards will be mailed at the end of each semester. Marking period grades are available electronically. The final grade for the semester is the official grade that goes on the high school record and transcript. The final grade is determined by averaging the three six-week grades; each marking period grade is worth 30 percent and the final exam is worth 10%. Parents may contact high school faculty via their email addresses and/or by phone.

TOP 25

The “Top 25” students completing the Michigan MERIT curriculum will be recognized during senior activities. This is based on the first seven semesters.

PARENT CONFERENCES

All parents are invited and encouraged to visit the High School, taking advantage of the opportunity to talk with teachers, counselors and administrators. In addition, parents or teachers may request a conference at any time during the school year. Parents may also contact high school faculty via their email addresses and/or by telephone.

GRADE POINT AVERAGES AND CLASS RANK STATUS

Grade Point Averages (GPA) will be determined by the chart listed below.

Final Semester Grades will be determined by averaging the percentage (0-100) grades from the three marking periods and Final Exam. Each marking period is worth 30% of the Final Grade and the Final Exam is worth 10%. Each marking period is approximately six weeks in length. Any grade reduction received from our attendance policy will be applied to the marking period grade. The rank status for graduating seniors will be based upon 7 semesters.

ADVANCED PLACEMENT CLASSES

Students who take and pass Advanced Placement Courses will receive MERIT Credit. The value of the MERIT Credit is 1.0 added to the final semester grade.

INCOMPLETE GRADES

Students will have six weeks to make up incomplete final grades on their report cards. It is the student's responsibility to contact the teacher to make arrangements to eliminate the incomplete grade. Please note the following:

1. Students have six weeks from the date of the incomplete to meet the expectation(s).
2. If, after six weeks, a student has not met the expectation(s), the following will occur:

Each student is expected to spend time preparing for classes outside of school hours. The amount of time that is needed will depend upon each student and each class.

Personal Curriculum

For some students, it may be appropriate to modify the Michigan Merit Curriculum through implementation of a personal curriculum. All students who have completed 9th grade are entitled to a personal curriculum, and the District will implement a personal curriculum for a student if requested by a parent or by the student if the student is age 18 or older. Any modification to the Michigan Merit Curriculum must be consistent with Michigan law and must incorporate as much of the Michigan Merit Curriculum content standards as practicable for the student. The District retains discretion to determine what modifications to the Michigan Merit Curriculum are appropriate for a particular student through a personal curriculum. A student who successfully completes an approved personal curriculum will earn a regular high school diploma.

To request a personal curriculum, please contact the counseling department.

For information regarding Personal Curriculum, please go to the Marysville High School Website or the Michigan Department of Education Website reference Personal Curriculums.

Placement

The District has the sole discretion to make promotion, retention, and placement decisions for its students, consistent with state and federal law. The District may consider parent requests that a student be placed in a particular classroom, building, educational program, or grade. The District's placement decision is final.

Students with Disabilities

Eligible students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act are entitled to a free appropriate public education. IV: DISCIPLINE AND CODE OF CONDUCT

General Discipline

The District may discipline students who engage in misconduct, up to and including suspension or expulsion from school.

The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

STUDENT BEHAVIOR AND DISCIPLINE:

Students at Marysville High School are expected to conduct themselves in a manner that is conducive to learning, respectful of others, respectful of school, as well as personal property. It is the student's responsibility to be aware of all rules and regulations. All students shall comply with the requests of the administrators, teachers, support staff and noon supervisors employed by the Board of Education to operate the school. The time periods before school, lunch and after school are considered "school time" with all school rules, regulations and expectations in effect. In addition, all school rules, regulations, and expectations remain effective at all school related activities to include: TEC, Co-Op, Job Shadowing, and other school-to-work activities. School busses are considered an extension of the school. All students will be afforded all Due Process Rights and Appeal Procedures, including Special Education and 504 accommodations. Any student who continually violates school rules, or who commits serious infractions of the rules, are subject to suspension or expulsion from M.H.S.

Forms of School Discipline & Applicable Due Process

Before and/or After-School Detention

Teachers and administrators may require students to come before school or stay after school to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of detention(s) so that parents may make transportation arrangements for the student the following day.

In-School Suspension

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

Removal for 10 or Fewer School Days

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

Removal for More than 10 and Fewer than 60 School Days

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

Removal for 60 or More School Days

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board's decision is final.

Student Code of Conduct

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District's ability to impose more or less severe disciplinary consequences depending on the situation's unique circumstances and the following factors:

1. the student's age;
2. the student's disciplinary history;
3. whether the student has a disability;
4. the seriousness of the behavior;
5. whether the behavior posed a safety risk;
6. whether restorative practices will be used to address the behavior; and
7. whether a lesser intervention would properly address the behavior.

Nothing in this handbook limits the District's authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.

- At no time are students allowed in the gym during Lunch unless authorized.
- Students have the privilege of "open lunch" which means they may leave campus for lunch if time and transportation permits. Students who choose to leave campus for lunch are responsible for returning to class promptly.
- Students must not loiter in the parking lot.
- Places totally off-limits during lunch hours:

- 2nd floor
- Classroom wing
- Students must not loiter in or around the businesses across the street.

TORNADO PLAN

If the time arises when a tornado threatens student safety, students are expected to give their undivided attention.

As quickly as school administrators become aware of a tornado watch (the potential for a tornado exists) they monitor the situation closely. If a watch is in effect, as school lets out, students will be allowed to leave at 2:50 p.m. and buses will run as scheduled.

If the area is under a tornado warning situation, regardless of the time of day, no student will be allowed to leave and buses will not run. If this occurs at the end of a day, students will be expected to remain in the building until the warning has expired. There can be no student movement from the building during a tornado warning (this is the law).

In the event the area is under a tornado warning, it means that a tornado has been sighted and we may be in its path. All persons in the high school building shall report, in an orderly fashion as prescribed over the public address system, to the lower level and remain there until the warning has passed.

Parents wishing to take their students from the building may do so by contacting, in person (not via the telephone), the administrator in charge of the high school during the warning.

Due to the highly destructive and deadly nature of tornadoes it becomes necessary to expect the utmost cooperation from all present in the building during such events.

SCHOOL CLOSING

School closing or delay - When weather conditions result in school being delayed or closed the information will be communicated by the District through school messenger, District webpage, Facebook, Twitter, as well as local television and radio networking.

Whenever school is closed, extra-curricular activities for that date shall be postponed or carried on at the discretion of the administration.

INSTRUMENTS

Instruments that are property of the Marysville School System are assigned by the band director to members of our High School Band. A completed Instrumental Loan Agreement must be completed before an instrument is issued. As per the agreement.

1. A fully-functioning instrument will be loaned to the student upon the payment of a \$20 user fee. This instrument will be sanitized and in workable condition prior to being issued.
2. Each student will keep the instrument clean, polished and free from dents, cracks, and/or scratches.
3. I (the user) will pay all repair costs while the instrument is on loan.
4. Upon completion of the school year, I (the user) will return the instrument promptly to the director in the same working order that it was received.
5. I (the user) will not loan the school-owned instrument to anyone and will not allow anyone to handle the instrument.
6. I (the user) understand that the school authorities and/or the director of bands can request that the equipment be returned any time during the school year if the loan agreement is not being adhered too.
7. If the instrument is not returned at the completion of the school year, I (the user) understand that all replacement costs incurred will become the student's sole responsibility.

TELEPHONE CALLS

Students will not be allowed to use the telephone during class time except for an emergency. Students may only receive emergency calls as determined by the high school staff. The phones in the school offices are not to be used for calls without permission.

SNOW DAY/FINAL EXAM POLICY

If school is canceled on a day of a final exam(s), the first day of school, following the cancellation, students will take the final exam(s) that were originally scheduled on their first snow day.

LOCKS AND LOCKERS

Lockers in the school or on school property belong to the school. At no time do they become property of the student. Students should not expect privacy in these areas because the school district retains the right to search them at the discretion of the school

administration, and to seize any illegal, unauthorized, or contraband materials discovered in the search.

Periodic searches of these areas may be conducted by school officials, with or without the assistance of law enforcement officers, at any time, with or without notice to the students. No consent or search warrant is required for inspection of these areas. For the purposes of this policy “search” includes, but is not limited to visual inspection, physical inventory of contents, sniff by contraband detecting dog or other animal or by electronic device, photography of all sorts, electro-magnetic photography of all sorts, and inspection by electro-magnetic sensors of all sorts.

Every reasonable attempt shall be made to afford the student the right to be present during the search. However, when safety concerns are the issue, the school reserves the right to make a search without the student being present or with a police officer if the student is present.

A student’s failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action. A student’s person and/or personal effects (e.g. purse, book bag, athletic bag) may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, such finds shall be turned over to proper legal authorities for ultimate disposition.

Each student is responsible for and is expected to occupy the locker to which he or she is assigned. Locks can be obtained from Student Services. Gym locks and lockers may be obtained through the Athletic Office. A \$5.00 charge is collected for any lock not returned. It is also recommended that the students leave large sums of money and expensive personal property at home.

Each student has been assigned one locker.

No tape of any kind is to be put on the lockers. No Locker Signs will be allowed without request for approval to the principal and permission granted in writing.

Damage resulting from too many articles in the locker or abuse to that locker, is the responsibility of the student assigned. Payment for damage will be expected before credits for the year are granted.

LUGGAGE CHECK

The safety, well-being and enjoyment of students, as they relate to all trips, are the focus of this policy/procedure. When students participate in school related activities and luggage is required, the luggage may be subject to be searched/checked. As per below:

A student's person and/or personal effects (e.g. purse, book bag, athletic bag, luggage) may be searched/checked whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized.

In addition, the administration and/or respective teacher, advisor, or coach may determine if and when any search would take place. Factors of consideration, which may be included with regard to, planned checks:

- Length of trip (days)
- Length of trip (miles)
- Number of students attending
- Number of chaperones
- Detail of accommodations (student/chaperone room locations)
- Prior knowledge of potential problems

Guidelines for all searches/checks:

- Searches/checks to be overseen by the respective teacher, advisor, or coach
- Females luggage will be checked by female adults
- Males luggage will be checked by male adults
- The student is present
- The student will open his/her own luggage
- The student will maneuver his/her own belongings
- Planned searches be fully communicated to students and parents
- A timeline for the completion of the search be established

If, for any reason, luggage is found to contain articles/items that are illegal by rules as outlined in the Student Handbook, Marysville School District Policies, or by the law, the student will not be allowed to take the trip and will be referred to the school administration.

CLUBS AND ORGANIZATIONS

It's a privilege to participate in extra curricular activities. Appropriate conduct/behavior should not be the domain of strictly the athlete and should encompass and embrace all activities affecting students.

LIBRARY

The use of the library is under the direction of the Media Specialist. Books, newspapers, current magazines, pictures, pamphlets, records, Internet access, are all available for student use.

Articles may be checked out, but must be returned before the \$10.00 book deposit will be returned at the end of the school year. While in the library, all students should respect the rights of others to study or read in a quiet atmosphere.

MILITARY RECRUITERS/HIGHER EDUCATION INSTITUTIONS

Upon requests from military recruiters and/or higher education institutions, schools must provide junior and senior names, addresses, and telephone numbers as per federal law, unless parent objects to such release. Please contact Marysville High School at 810-364-7161 if you would like to have your son/daughter's name and information taken off the list.

RIGHT TO REVIEW RECORDS

Students and parents/guardians have the right to review and examine official records held by the school concerning that student. A one (1) day notice may be required for such an examination.

FERPA Notice: Your Rights and Your Child's Records

1. The Family Educational Rights and Privacy Act (FERPA) afford to parents/guardians of students, and to students themselves who are over 18 years of age certain rights with respect to the student's education records maintained by the Marysville School District. These rights are outlined below:
2. The right to review and inspect the student's education records within 45 days of the day the district receives a written request for access. Parents or eligible students should submit to the school principal a written request that identified the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
3. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the district to amend a record they believe is inaccurate or misleading. They should write the Superintendent of Schools clearly identifying the part of the record they want changed and specify why it is inaccurate or misleading.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their rights to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

4. The right to consent to disclosures of personally identifiable information contained in the student's education records except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent is to school officials with legitimate educational interests. A school official includes a person employed by the district as an administrator, supervisor, instructor, counselor, support staff member (including health or medical staff and law enforcement personnel) a person serving on the district's school board, a person or company with whom the district has contracted to perform a special task such as an attorney, auditor, medical consultant, or therapist, or a parent, student or other person serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her responsibilities for the district. Upon request, the district also discloses education records without consent to officials of a school district in which a student seeks or intends to enroll. If you do not want the school district to disclose directory information without your prior written consent you must notify the district prior to September 15t, The district has designated the following as directory information:

This opt-out right also applies to the collection, disclosure, or use of student information for marketing purposes (“marketing surveys”) and to certain physical exams and screenings.

At this time, there are no activities requiring parent/guardian notice and consent or opt-out for the upcoming school year scheduled. (Please note that this notice and consent/opt-out transfers from parents to any student who is 18 or older or an emancipated minor under Michigan Law). If any activities are scheduled you will be notified and have the opportunity to opt your son/daughter out of participating.

FIRE ALARMS

When the fire alarm sounds, everyone should exit the building immediately.

Students should not risk lives by assuming the alarm is false or only a practice. Accidents do happen. If by chance an alarm is accidentally set off, go to the office immediately and convey the information so that the alarm can be stopped and people returned to the building. Pulling an alarm, unnecessarily, is dangerous and will result in punishment to those involved. A police report will be filed and prosecution considered.

AMBULANCE SERVICE

Fees charged are for services rendered and all patients receiving emergency medical care and transportation are billed for these services. The term “all” refers to any patient, either inside or outside the City of Marysville.

Every effort will be made to contact parents prior to emergency transportation. However, the safety of the child will remain the top priority resulting in the use of the city’s emergency units in any case where the health and welfare of a child is in peril.

SCHOOL BUS

Student conduct on school buses will be in conformity with the rules and regulations established by the Marysville Public Schools and the bus contractor. Bus drivers have the delegated authority to control students on buses. To ride home on another bus, a phone call or written permission is required and the student will need to acquire a bus pass from Student Services.

Students riding on buses to school sponsored activities must return by the same bus. The privilege of riding a bus may be revoked for misconduct or refusal to comply with established rules and regulations. The school bus will be considered an extension of the school for disciplinary purposes.

BUS PICK UP/DROP OFF

The bus loop is for the bus pick up/drop off of students. All other vehicles are prohibited from the bus loop from 7:00 a.m. – 3:30 p.m.

FINANCIAL TRANSACTIONS

Before school, during their lunch hours, and after school are times that students can complete financial transactions.

If you have a debt to pay, a ticket to buy, money to turn in for a project, etc. you should do this at the above stated times.

ELEVATOR USE

The elevator is for use by students with physical disabilities, moving equipment and emergency use. Keys are available in Student Services on a need basis. Students obtaining a key will be responsible for the key. A fee will be charged if the key is not returned.

discriminatory harassment of students. APPENDIX B: ANTI-BULLYING

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

Bullying shall also include, by definition, cyberbullying which is defined as any electronic communication that is intended to or that a reasonable person is likely to harm one or more pupils either directly or indirectly by doing any of the following:

- (i) substantially interfering with the educational opportunities benefits or programs of one or more pupils;
- (ii) adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm by causing substantial emotional distress;
- (iii) having an actual and substantial detrimental effect on a pupil's physical or mental health;
- (iv) causing substantial disruption in or substantial interference with the orderly operation of the school.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and

Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents/Guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes he/she has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or Assistant Principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

To the greatest extent possible, complaints by students, their parents or others acting on their behalf will be kept confidential. The following procedures will be followed to maintain confidentiality:

- (i) all verbal communications regarding a complaint will occur in a confidential setting outside of the ability of others to overhear the conversation and only those that are necessary to be involved will be part of any meeting where complaints are discussed or reviewed;

(ii) meetings held with a pupil who has made a complaint under this policy shall be kept out of view of other students;

(iii) all records concerning complaints will be kept in the principal's office in his or her desk in a secure location such that the information cannot be accessed by others;

(iv) information regarding complaints will be shared with others only on a need to know basis. This means only individuals involved in investigating complaints or taking corrective action will be aware of the information;

(v) to the extent possible, unless permission is given by the complainant, the identity of the complainant will be kept confidential.

The Principal shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents/guardians, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated.

Suspected retaliation should be reported in the same manner as bullying/aggressive behavior. Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

APPENDIX C: PROTECTION OF PUPIL RIGHTS

Protection of Pupil Rights (PPRA) (Board Policy #5308)

The Protection of Pupil Rights Amendment (PPRA) gives parents and students who are 18 years old or emancipated minors ("eligible students") certain rights regarding:

1. Technology Resources are any type of instrument, device, machine, equipment, technology, or software that is capable of transmitting, acquiring, or intercepting, any telephone, electronic, data, internet, audio, video, or radio transmissions, signals, telecommunications, or services, and include without limitation (1) internal and external network infrastructure, (2) Internet and network access, (3) computers, (4) servers, (5) storage devices, (6) peripherals, (7) software, and (8) messaging or communication systems.

In exchange for the use of the District's Technology Resources either at school or away from school, you understand and agree to the following:

- A. Your use of the District's Technology Resources is a privilege that may be revoked by the District at any time and for any reason.
- B. You have no expectation of privacy when using the District's Technology Resources. The District reserves the right to monitor and inspect all use of its Technology Resources, including, without limitation, personal e-mail and voice-mail communications, computer files, data bases, web logs, audit trails, or any other electronic transmissions accessed, distributed, or used through the Technology Resources. The District also reserves the right to remove any material from the Technology Resources that the District, at its sole discretion, chooses to, including, without limitation, any information that the District determines to be unlawful, obscene, pornographic, harassing, intimidating, disruptive, or that otherwise violates this Agreement.
- C. The Technology Resources do not provide you a "public forum." You may not use the Technology Resources for commercial purposes or to support or oppose political positions or candidates unless expressly authorized in advance by a teacher or

administrator as part of a class project or activity. You may, however, use the Technology Resources to contact or communicate with public officials.

- D. The District's Technology Resources are intended for use only by registered users. You are responsible for your account/password and any access to the Technology Resources made using your account/password. Any damage or liability arising from the use of your account/password is your responsibility. - E. You may not use the Technology Resources to engage in bullying, which is defined as:

Any written, verbal, or physical act, or any electronic communication, that is intended or that a reasonable person would know is likely to harm one or more pupils either directly or indirectly by doing any of the following:

Appendix E: CONCUSSION AWARENESS

New legislation intended to protect young athletes from sports-related concussions mandates public school districts provide educational materials regarding concussions to all students and parents/guardians of students participating in a practice, a competition, or a physical education class. Accordingly, the following important information is shared with our school community. Please be sure you read this information with your child. Parents and students must sign and return acknowledgement of this educational material starting with the 2013-14 school year. The acknowledgement form will be provided by your school office.

Educational Materials for Parents and Students (Content Meets MDCH Requirements)

Sources: Michigan Department of Community Health, CDC and the National Operating Committee on Standards for Athletic Equipment (NOCSAE)

UNDERSTANDING CONCUSSION

Some Common Symptoms Reported by Children/Teens:

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness, or double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Confusion, or concentration or memory problems
- Just not “feeling right,” or “feeling down”

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury (TBI) that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a “ding”, “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven’t been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

IF YOU SUSPECT A CONCUSSION:

1. **SEEK MEDICAL ATTENTION RIGHT AWAY** – A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don't hide it, report it. Ignoring symptoms and trying to "tough it out" often makes it worse.
2. **KEEP YOUR STUDENT OUT OF PLAY** – Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's okay. A student, who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
3. **TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION** – Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS OR COACHES:

- Appears dazed or stunned
- Is confused about events
- Answers questions slowly
- Repeats questions
- Can't recall events prior to the hit, bump, or fall
- Can't recall events after the hit, bump, or fall
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Forgets an instruction or assignment

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Drowsiness or inability to wake up
- A headache that gets worse and does not go away
- Slurred speech, weakness, numbness, or decreased coordination
- Repeated vomiting or nausea, convulsions or seizures (shaking or twitching)
- Unusual behavior, increased confusion, restlessness, or agitation
- Loss of consciousness (passed out/knocked out). Even a brief loss of consciousness should be taken seriously

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rest breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a healthcare professional.

Remember: Concussions affect people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer. To learn more, go to www.cdc.gov/concussion.
