Dear Marysville Students, Parents, and Staff:

The following handbook is intended for use by students, parents and staff as a guide to the rules, procedures, and general information about the District. The use of the word "parent" in this handbook means a student's natural or adoptive parent(s), or legal guardian(s). Students and their parents are responsible for familiarizing themselves with this handbook, and parents should use the handbook as a resource to assist their children with following its rules and procedures.

Students must comply with all school policies, regulations, rules, and expectations. The use of the word "Policy" in this handbook includes bylaws or policies adopted by the Board of Education. Although the information in this handbook is comprehensive, it is not intended to address every situation that may arise during a school day or school year. This handbook does not create a contract between the District and parents, students or staff. The administration is responsible for interpreting the rules contained in the handbook to ensure the implementation of the school's education program and the well-being of all students. If a situation arises that is not specifically addressed by this handbook, the administration may respond on applicable law and policy.

Sincerely,

Tracie Eschenburg
Superintendent
Marysville Public Schools

Dear Marysville Parent(s),

At Marysville Public Schools, we deeply value open communication and want to ensure that all concerns and issues are addressed in a respectful and effective manner. To achieve this, we encourage everyone to follow our "Chain of Command" for initiating communication regarding any problems or concerns.

We understand that frustrations may arise when trying to address issues, but our aim is to prevent any undue stress or confusion. Therefore, we kindly ask that each situation be first addressed at the level where the initial action was taken. Our goal is to resolve matters at that level whenever possible. If, however, the situation remains unresolved to your satisfaction, we have a structured process for appeals that can be followed.

To initiate communication, we suggest starting with an email, as it provides written documentation of the issue. Alternatively, a phone call to the appropriate contact is also an acceptable means of communication. In some cases, these initial communications may lead to a face-to-face meeting.

We kindly request that you follow the below list of contacts when addressing any concerns. In each case, please explain your concern(s) and share your thoughts, allowing the individual involved a reasonable time frame to reply before proceeding to the next level in the Chain of Command (see below).

EMERGENCY SCHOOL CLOSING PROCEDURES

The District will use School Messenger (e.g. phone calls, text messages, and email notifications) to inform students, parents, and the general public of any emergency school closures, such as a snow day or when classes are abruptly dismissed early. Additionally, the District will send out special Skyward notifications and post school marquee messages in front of school buildings. Additionally, in the event of an emergency, specific alerts or communications will be published to nearby radio, television, district messaging networks, and social media websites.

NOTICE OF NON-DISCRIMINATION

The District does not discriminate on the basis of race, color, religion, national origin, ethnicity, sex (including pregnancy, gender identity, or sexual orientation), disability, age, height, weight, marital or family status, veteran status, ancestry, genetic information, military status, or any other legally protected category (collectively, "Protected Classes"), in its programs and activities, and provides equal access to the Boy Scouts and other designated youth groups as required by law.

The District prohibits unlawful discrimination, including unlawful harassment and retaliation. The District will investigate all allegations of unlawful discrimination and will take appropriate action, including discipline, against any person who, following an investigation, is determined to have engaged in unlawful discrimination.

"Unlawful harassment" is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward a person because of the person's membership in a Protected Class that has the purpose or effect of: (1) creating an intimidating, hostile, or offensive environment; or (2) unreasonably interfering with the person's ability to benefit from the District's educational programs or activities.

Any student who witnesses an act of unlawful discrimination, including unlawful harassment or retaliation, is encouraged to report it to District personnel. No student will be retaliated against based on any report of suspected discrimination. A student may also anonymously report an incident of unlawful discrimination. The District will investigate anonymous reports pursuant to its investigation procedures described by Policy. Minor students do not need parent permission to file complaints or participate in the formal complaint resolution process described by Policy.

ATTENDANCE

Regular attendance is an integral part of a student's total education. All students should attend school regularly. Regular attendance will allow students to keep up academically, since classroom instruction and the presentation of materials by teachers in all classes takes place in an orderly, sequential manner. In addition to missing class time, students will also miss valuable time to interact with both teachers and other students if they do not attend school regularly. The chance to hear and participate in class instruction, discussion and other related learning experiences cannot be replaced.

The purpose of a school attendance policy is to encourage outstanding attendance among all students. The school recognizes the importance parents play in school attendance. Attendance rules have been developed to reduce/prevent chronic absenteeism. The U.S. Department of Education defines chronic absenteeism as missing at least 10% of days in a school year for any reason, including excused and unexcused.

Michigan Revised School Code, Section 1561 - Compulsory Student Attendance (Excerpt)
Every parent, guardian or other person in the state of Michigan, having control and charge of any child between the ages of six and eighteen years shall be required to send such child to the public schools during the entire school year and such attendance shall be continuous and consecutive for the school year fixed by the school district in which such child is enrolled.

Students are expected to attend school every day school is in session. Students are to arrive before the first class and stay until the scheduled end of their school day. If a student is unable to attend school, the student or parent must report that absence to the office by 9:00 am.

If a student arrives late, the student must sign in at the office. A student may only leave school early if the student's parent notifies the office or the student is an emancipated minor or 18 years old.

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent:

1. Doctor Appointment
2. Orthodontist Appointment
3. Attorney or Court Appointment
4. Funeral
5. Verifiable illness excused by parent/guardian contact. A doctor's note confirming a child's illness for three or more consecutive days may be requested.
6. Family Vacations/Family Business
7. All other absences will be unexcused.

***Written documentation may be requested to verify an excused absence.**

If a student acquires 6 absences, within a semester, an informational letter will be sent to the parents/guardians. If, during the school year, absences reach 10 days, a letter will be sent requesting parents to contact the principal and forwarded to the county truancy officer.

Tardiness

A student is considered tardy if he/she is not in class when the instructional period begins. Students arriving after 9:00 a.m. will be marked absent for the morning. Students leaving before 3:00 p.m. will be marked absent for the afternoon. An informational letter will be sent to parents/guardian for excessive tardiness.

A student who violates attendance expectations may be subject to discipline and any other applicable consequences.

Absences due to illness

The school will contact parents if a student becomes ill at school and may ask that the parent pick up the student.

Planned absences

Parents who know in advance that a student will be absent must contact the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, may be required to complete

missing assignments unless alternative arrangements are approved by the teacher in advance. Parents should make every attempt to schedule medical and other appointments outside of school hours.

Students are expected to:

- Complete missing assignments as directed by the classroom teacher.
- Sign out of school at the office if leaving school during the school day.

Books and Supplies

The District will provide free instruction to all students and may or may not charge additional fees for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

Students must take care of books and other supplies provided by the District. The District may assess fees to repair or replace District property that is lost, damaged, stolen, returned in a different condition, or not returned on time.

Bullying

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying Policy is attached to this handbook as Appendix B.

Cell Phone Use

Due to the disruptive and distracting nature of cell phones in the learning process, the following policy has been adopted to give students, staff, and parents a more consistent idea on appropriate cell phone use and consequences for inappropriate use.

Possession of a cellular telephone or personal electronic device by a student is a privilege, which may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege. Unauthorized use of cellular phones or other personal electronic devices is subject to disciplinary action.

Per Board Policy #5209, students may use cell phones or other electronic devices while at school during times designated by the administration or teachers, so long as they do so safely, responsibly, and respectfully, and comply with all other school rules while using the devices.

Cell phones are to be kept in backpacks at all times and turned off. Many parents provide these devices as an important communication tool, but it is necessary that they be used only before and after school. Cell phones and all other personal devices are not allowed on the playground area or hallways. All personal devices are allowed to be used for

instructional purposes under the teacher's guidance. Students will clearly be directed when these devices may be allowed to be used within the classroom.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The District is not responsible for theft, loss, or damage of any cell phone or other electronic device.

Students may not use cell phones or other electronic devices while they are in locker rooms, restrooms, or any other area in which others may have a reasonable expectation of privacy.

Taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal photographs, video, audio, or other similar data, whether by electronic data transfer or otherwise (including via cell phone or other electronic device), may constitute a crime under state or federal law. A student engaged in any of these activities at school, at a school event, or on school-provided transportation, may be subject to discipline pursuant to this Policy and the student code of conduct. A student engaged in any of these activities outside of school may be disciplined if the student's activities substantially disrupt or negatively affect the school environment.

The Superintendent, building principals, and teachers are authorized to develop building-level and classroom rules for students' use and storage of cell phones and other electronic devices. Those rules must be clearly communicated to students. A student who violates the rules or this Policy are subject to corrective or disciplinary action, consistent with Policy and the student code of conduct.

School administrators and teachers may confiscate a student's cell phone or other electronic device if the student's use or possession of a cell phone or electronic device violates this Policy, the student code of conduct, or any applicable building or classroom rule. The building principal or designee may require a meeting with the student's Parent to discuss the rule violation before returning the cell phone or electronic device.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in academic dishonesty in any form. Unless specifically authorized by a teacher, prohibited behavior may include, but is not limited to:

- Obtaining, attempting to obtain, or aiding another person in obtaining credit for work by any dishonest or deceptive means.
- Copying another person's work or answers.
- Discussing with other students the answers or questions on a test or assignment before the test or assignment has been submitted for a grade.
- Taking or receiving copies of a test.

- Using or displaying notes, “cheat sheets,” or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Using artificial intelligence to assist or complete an assignment or test.
- Submitting work or any portion of work completed by another person.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty may receive no credit on that assignment or class and will be subject to discipline, up to and including expulsion.

Children’s Protective Services (CPS) Investigations

The District will cooperate with Children’s Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

Classroom Behavior

Teachers may establish classroom conduct rules that students must follow.

Closed Campus

The elementary buildings are closed campus buildings. All students must remain on campus during school hours. Students who leave campus without authorization are subject to disciplinary action.

Communicable Diseases

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack of documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

Dress and Grooming

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, hair style, make up, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, or the Dress Code; or substantially disrupts the educational environment or that school officials reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with the building administrator.

Dress Code

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences. Dress code violations include clothing that:

- Is materially and substantially disruptive or that school officials can reasonably forecast will create a substantial disruption;
- Is obscene, sexually explicit, indecent, or lewd;
- Promotes the use of or advertises illegal substances, including but not limited to substances illegal for minors;
- Incites violence;
- Contains “fighting words”;
- Constitutes a true threat of violence;
- Demonstrates hate group association/affiliation or uses hate speech targeting groups based on their membership in a protected class; or
- Displays midribs or upper thigh.

Students who represent the District at an official or school-sponsored function or public event (e.g., athletic teams, bands, choirs, and other groups) may be required to follow specific dress requirements as a condition of participation or attendance.

Emergency Contact Information

Parents/guardians must complete an emergency information card for each student enrolled in the District. The information will include the family physician's name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

Fees

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and non-curricular activities to cover the District's reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and non-curricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity's coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student's parent before being allowed to attend a field trip.

A student's failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

All chaperones and/or parents participating on a field trip are required to have a background check. District chaperone guidelines must be followed and forms filled out prior to the day of the field experience. All chaperones must not use any form of tobacco, alcohol or other drugs while on field experiences. No siblings are allowed to attend field experiences.

First Aid, Illness, or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student's parent or other designated responsible adult to pick up the student from school. If the student requires immediate medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

Head Lice

The Marysville Public Schools follows a "no-nit" policy for head lice. Your child will be excluded from school until he/she has been determined to be "nit-free" by school personnel.

Homeless Children and Youth

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Karrie Smith, Executive Director of Special Education/State & Federal Programs
495 E Huron BLVD
Marysville, MI 8040
(810) 455-6095
ksmith2@marysvilleschools.us

For detailed information about Homeless Children and Youth, see Policy # at [Board Policy #5307](#).

Immunizations

For a student entering the District for the first time or entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not

received all doses of any required immunizing agent must provide the District an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with state law.

Law Enforcement Interviews

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with Policy #8140 at [Board Policy](#). NOTE: STUDENTS MAY BE QUESTIONED BY SCHOOL OFFICIALS AT ANY TIME, WITHOUT PARENT NOTICE OR CONSENT, CONSISTENT WITH THE DISTRICT'S OBLIGATION TO MAINTAIN A SAFE AND ORDERLY LEARNING ENVIRONMENT.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular programs offered by the District.

Searches of Lockers, Backpacks, and Students

Pursuant to Policy #5101 and #5102 (see [Board Policy](#)), lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis, and District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules.

The District will also follow Policy #8130 for motorized vehicles, backpacks, and students(see [Board Policy](#)).

Lost and Found

All lost and found items are to be taken to the main office and set out in a designated area in the school where students may claim lost articles. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Library

Students must check out materials from the media specialist or designee on duty. The student is responsible for all materials checked out in the student's name. Each student is responsible for any fine that accumulates on materials charged to the student. If materials are lost and not returned by the end of the year, the student must pay for the replacement cost. Students must also pay for any damage they cause to materials.

Medication

When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form as required by the District.
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.
- The building principal or designee will notify the student's parent of any observed adverse reaction to medication.
- All medications must be in the original container.

For additional information and requirements, see Policy #5703 at [Board Policy](#).

Asthma Inhalers and Epinephrine Auto-Injectors (EPI)/Inhalers

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student's healthcare provider and consistent with Policy #5703 (see [Board Policy](#)). A minor student must also have written permission from the student's parent. The required documentation must be submitted to the building principal or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student's teachers and other staff as appropriate.

If necessary, the school may maintain a written emergency care plan drafted by a physician in collaboration with the student's parent. The emergency care plan will contain specific instructions related to the student's needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student's medical circumstances.

Parties

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

Playground/Recess Rules

Students must follow school rules during recess or while using the playground.

Students who violate these rules may be disciplined.

Staff will supervise students when the students use the playground or recess area during the school day or as part of a school activity. Outside of school hours, the District does not provide supervision of its playgrounds, equipment, or surrounding areas.

Protection of Pupil Rights (PPRA)

The Protection of Pupil Rights Amendment (PPRA) gives parents and students who are 18 years old or emancipated minors (“eligible students”) certain rights regarding:

1. The school district’s conduct of student surveys, analysis, or evaluation that concerns one or more of the following areas: political affiliations or beliefs of the student or student’s parent; mental or psychological problems of the student or student’s family; sexual behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of others with whom respondents have close family relationships; legally recognized privileged relationships, such as with lawyers, doctors or ministers; religious practices, affiliations, or beliefs of the student or parents; or income, other than as required by law to determine program eligibility.
2. The collection and use of students’ personal information for marketing purposes, sales or other distribution; and certain rights regarding any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision or scoliosis screenings, or any physical exam or screening permitted or required under State law.

Rights include:

1. The right to consent before a student is required to submit to a survey in whole or in part that concerns the above list;
2. The right to receive notice and an opportunity to opt the student out; and
3. The right to inspect, upon request and before administration or use, the protected information surveys of students, instruments used to collect the personal

information from students, and the instruction material used as part of the educational curriculum.

Questions or concerns regarding the above PPRA may be addressed to the building Principal.

Rights of Custodial and Non-Custodial Parents

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

Search and Seizure

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement.

Student Education Records

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See Policy #5309 at [Board Policy](#) for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

Right to Request Explanation or Interpretation

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

Technology

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related educational purposes only. Students and their parents are required to sign and return the Acceptable Use Agreement attached as **Appendix D** before they may use or access District technology resources. Students who violate the District's Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

Transportation Services

School Vehicle Rules

Riding in school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must comply with the Student Code of Conduct while in school vehicles.

When in school vehicles, the following rules apply:

1. Students must promptly comply with any directive given by the driver.
2. Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops.
3. Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.
4. Students must enter the vehicle without crowding or disturbing others and go directly to a seat.
5. Students must remain seated and keep aisles and exits clear while the vehicle is moving.
6. Students may not throw or pass objects on, from, or into vehicles.
7. Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.

8. Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
9. Students may converse in ordinary tones and volumes but may not be loud or boisterous and should avoid talking to the driver while the vehicle is moving. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
10. Students may not open windows without the driver's permission. Students may not dangle body parts or other items (e.g., legs, arms, backpacks) out of the windows.
11. Students must secure any item(s) that could break or cause injury if tossed about the inside of the vehicle if the vehicle were involved in an accident.
12. Students must respect the rights and safety of others at all times.
13. Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
14. Students may not vandalize or intentionally cause damage to the vehicle.
15. Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.

Video cameras may be placed on vehicles and buses to monitor student behavior on the vehicle/bus. Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

School Vehicle Misconduct Consequences

Students who violate the school vehicle rules will be referred to the building assistant principal for discipline. Disciplinary consequences may include parent notification, suspension of vehicle/bus riding privileges, exclusion from extracurricular activities, in-school suspension, and suspension or expulsion.

These consequences are not progressive and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law and Board Policy.

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be reported to law enforcement.

Video Surveillance and Photographs

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings: on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event unless otherwise authorized by Board Policy, applicable law, or a District employee.

Withdrawal from School

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

SECTION II: ACADEMICS

To encourage students and parents to stay apprised of student academic information, grades, attendance, and other information can be accessed via Skyward.

To register for Skyward Parent Access, contact the school office.

Curriculum

Homework

Homework is determined by the curriculum and teacher expectations. We rely on parent support to ensure that homework is completed and returned to school as assigned.

Report Cards

The first marking period report card is shared with parents at the **Parent Teacher Conference in November**. Report Cards for the second and third marking periods are sent home with students. See the school calendar for those dates. The report card envelope should be returned to the school to be used for the next marking period. The report cards do not need to be returned. The fourth and final report card will be mailed home. Progress reports may be issued at the teachers' discretion to report progress during the school year.

Report cards are based on the ability of students to demonstrate proficiency on academic standards, rather than typical grades or percentages. Teachers will use multiple measures of data to holistically determine proficiency based on the rubric below:

Report cards will be issued at least once each Quarter. Grades are calculated using the following grading scale:

	Indicators for Characteristics of a Successful Learner
4	Exceeding the Standard Student independently exceeds expectations through role modeling and leadership.
3	Meeting the Standard Student consistently demonstrates skill.
2	Progressing Toward the Standard Student demonstrates skill some of the time with support.
1	Not Meeting The Standard Student requires ongoing intervention and support.

Testing

Standardized aptitude and achievement tests are one way to determine what level of school work a child is capable of and what she/he is presently doing. Combined with other information, these tests can help give a total picture of the child. Many different standardized tests are available but they are all designed to give a better understanding of each child's skills and abilities.

All 3rd- 5th graders are required to be assessed in English Language Arts and Mathematics with the State of Michigan Assessment Test, currently called M-STEP. 5th graders are also required to take assessments in social studies and science. Michigan Department of Education requires that all students in grades K- 5 receive a universal benchmark assessment in English Language Arts and Mathematics. MPS uses NWEA for these assessments.

Students with Disabilities

Eligible students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act are entitled to a free appropriate public education. The District will follow state and federal law and applicable rules and regulations in identifying, locating, evaluating, and educating students with disabilities.

A parent who believes their student is eligible for special education or accommodations due to a disability or suspected disability should contact:

Karrie Smith, Executive Director of Special Education & State/Federal Programs

495 E Huron BLVD

Marysville, MI 48040

Phone: (810) 455-6095

Email: ksmith2@marysvilleschools.us

SECTION III: STUDENT CLUBS, ACTIVITIES, AND ATHLETICS

Students are encouraged to participate in the various student clubs, activities, and athletics offered by the District.

A student's failure to comply with Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while participating in or attending a student club, activity, or athletic competition, meeting, event, or practice, may result in disciplinary action.

Extracurricular Activities

Participation in extracurricular activities is a privilege, not a right. Students are encouraged to participate in extracurricular activities. Participation is open to students who meet the eligibility requirements established by the District and any applicable governing body.

The District has exclusive control over extracurricular activities including, but not limited to, formation, naming, structure, operation, financing, and discontinuance.

Student athletes are also subject to the Athletic Code of Conduct (see **Appendix F**) and any applicable team rules.

For more information, see Policy #5507 at [Board Policy](#).

Student-Initiated Non-Curricular Clubs

Students may voluntarily form clubs that are not directly related to the school curriculum to promote activities unrelated to curriculum. Membership in a student-initiated, non-curricular club must be open to all interested and eligible District students, and the club may not refuse membership to a student based on any protected classification under state or federal law.

For more information about student-initiated non-curricular clubs, including how to form a club, see Policy #5510 at [Board Policy](#) Transportation To/From Extracurricular Activities

The District may provide transportation to students who participate in school-sponsored events. If District-provided transportation is available, students must ride to and from those events in a school vehicle unless otherwise excused by the activity sponsor.

SECTION IV: DISCIPLINE AND CODE OF CONDUCT

General Discipline

The District may discipline students who engage in misconduct, up to and including suspension or expulsion from school.

The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

Forms of School Discipline & Applicable Due Process

In-School Suspension

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

Removal for 10 or Fewer School Days

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

Removal for More than 10 and Fewer than 60 School Days

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

Removal for 60 or More School Days

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board's decision is final.

Student Code of Conduct

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District's ability to impose more or less severe disciplinary consequences depending on the situation's unique circumstances and the following factors:

1. the student's age;
2. the student's disciplinary history;
3. whether the student has a disability;
4. the seriousness of the behavior;
5. whether the behavior posed a safety risk;
6. whether restorative practices will be used to address the behavior; and
7. whether a lesser intervention would properly address the behavior.

Nothing in this handbook limits the District's authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.

BUILDING-SPECIFIC RULES AND PROCEDURES
Additional Building Procedures/Protocols

Walk/Bike/Scooter

Students are allowed to walk, ride their bikes/scooters, etc to school. Bikes/scooters are to be parked in the racks and not on the sidewalks or the lawn.

Drop-Off

Families have an opportunity to transport students to and from school. Each building will share their individual arrival and dismissal procedure with families.

When weather conditions result in schools being delayed or closed, the information will be communicated by the District through School Messenger, the District website, Facebook, Twitter and local television and radio stations.

Emergency Procedure Drills

Each building is responsible for holding 5 Fire, 3 Tornado and 3 Lockdown (internal and External) Drills throughout the year. These drills are conducted in an effort to keep your child(ren) safe in the event a real emergency occurs. Teachers will explain drill procedures to all students and review to the expectations, as posted in each classroom.

APPENDIX A: TITLE IX SEXUAL HARASSMENT

8018 - Discriminatory Harassment of Students

Discriminatory harassment of students by School District elected officials, employees, vendors, contractors or others doing business with the School District, students, parent(s)/guardian(s), invitees, volunteers or guests will not be tolerated. Similarly, student-on-student discriminatory harassment is prohibited, equally, and will not be tolerated.

Discriminatory harassment includes unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct relating to an individual's sex, race, color, national origin, age, religion, height, weight, marital status or handicap/disability when: Submission to such conduct or communication is made either an explicit or implicit condition of utilizing or benefiting from the services, activities, or programs of the School District, Submission to, or rejection of, the conduct or communication is used as the basis for a decision to exclude, expel or limit the harassed student in the terms, conditions or privileges of the School District, or The harassment substantially interferes with the student's education, creates an intimidating, hostile, or offensive environment, or otherwise adversely affects the student's educational opportunities.

The building Civil Rights Coordinator, or his/her designee, has the responsibility of investigating complaints of

discriminatory harassment of students. In cases where the alleged harassment involves a member of the Board of Education, the School District will appoint outside legal counsel to investigate the complaint. The results of an investigation and any action taken thereon will be communicated to the complaining person.

APPENDIX B: ANTI-BULLYING

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

Bullying shall also include, by definition, cyberbullying which is defined as any electronic communication that is intended to or that a reasonable person is likely to harm one or more pupils either directly or indirectly by doing any of the following:

- (i) substantially interfering with the educational opportunities benefits or programs of one or more pupils;
- (ii) adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm by causing substantial emotional distress;
- (iii) having an actual and substantial detrimental effect on a pupil's physical or mental health;
- (iv) causing substantial disruption in or substantial interference with the orderly operation of the school.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and

Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents/Guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes he/she has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or Assistant Principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

To the greatest extent possible, complaints by students, their parents or others acting on their behalf will be kept confidential. The following procedures will be followed to maintain confidentiality:

- (i) all verbal communications regarding a complaint will occur in a confidential setting outside of the ability of others to overhear the conversation and only those that are necessary to be involved will be part of any meeting where complaints are discussed or reviewed;

(ii) meetings held with a pupil who has made a complaint under this policy shall be kept out of view of other students;

(iii) all records concerning complaints will be kept in the principal's office in his or her desk in a secure location such that the information cannot be accessed by others;

(iv) information regarding complaints will be shared with others only on a need to know basis. This means only individuals involved in investigating complaints or taking corrective action will be aware of the information;

(v) to the extent possible, unless permission is given by the complainant, the identity of the complainant will be kept confidential.

The Principal shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents/guardians, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated.

Suspected retaliation should be reported in the same manner as bullying/aggressive behavior. Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, he/she should report it immediately and allow the administration to determine the appropriate course of action.

- (iv) causing substantial disruption in or substantial interference with the orderly operation of the school.

“Harassment” includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).

“Intimidation/Menacing” includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with a person's property; or to intentionally interfere with or block a person's movement without good reason.

APPENDIX F: ATHLETIC CODE OF CONDUCT

Participation in Marysville Public Schools (the “District”) athletics is a privilege, not a right. Student-athletes are students first. When participating in District athletics, student-athletes are District representatives and are held to the highest standards. Accordingly, this Athletic Code of Conduct applies 24 hours a day, 365 days a year. Student-athletes and parents should be familiar with this Athletic Code of Conduct. By participating on any school-sponsored athletic team both student-athletes and parents agree to abide by these terms.

Communication Protocol

The District has full faith in its coaches to make decisions that are in the best interest of their teams. If parents have questions or concerns about their student-athletes’ sports participation, use the following protocol:

1. Wait 24 hours before contacting the coach.
2. Schedule a time to speak with the coach, either via phone or in-person, at the coach’s discretion.
3. If the issue is unresolved, schedule a time to speak with the Athletic Director, either via phone or in-person, at the Athletic Director’s discretion.

Concussion Protocol

The District will comply with the concussion protocol identified by MHSAA.

UNDERSTANDING CONCUSSION

Some Common Symptoms

Headache	Balance Problems	Sensitive to Noise	Poor Concentration	Not "Feeling Right"
Pressure in the Head	Double Vision	Sluggishness	Memory Problems	Feeling Irritable
Nausea/Vomiting	Blurry Vision	Haziness	Confusion	Slow Reaction Time
Dizziness	Sensitive to Light	Fogginess	"Feeling Down"	Sleep Problems
		Grogginess	Lost Consciousness	

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

IF YOU SUSPECT A CONCUSSION:

- SEEK MEDICAL ATTENTION RIGHT AWAY – DON'T HIDE IT, REPORT IT.** Playing or practicing with concussion symptoms is dangerous and can lead to a longer recovery. A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Ignoring symptoms and trying to "tough it out" often makes it worse.
- KEEP YOUR STUDENT OUT OF PLAY –** Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's okay. A student, who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
- TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION –** Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Can't recall events prior to or after a hit or fall
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people/places
- Becomes increasingly confused, restless or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously.)

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he must be kept out of athletic activity the day of the injury. The student shall only return to activity (practice, scrimmage or competition) with written unconditional permission from an MD, DO, Physician's Assistant or Nurse Practitioner. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rests breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.
